

Imagine for a moment ... owning the perfect business.

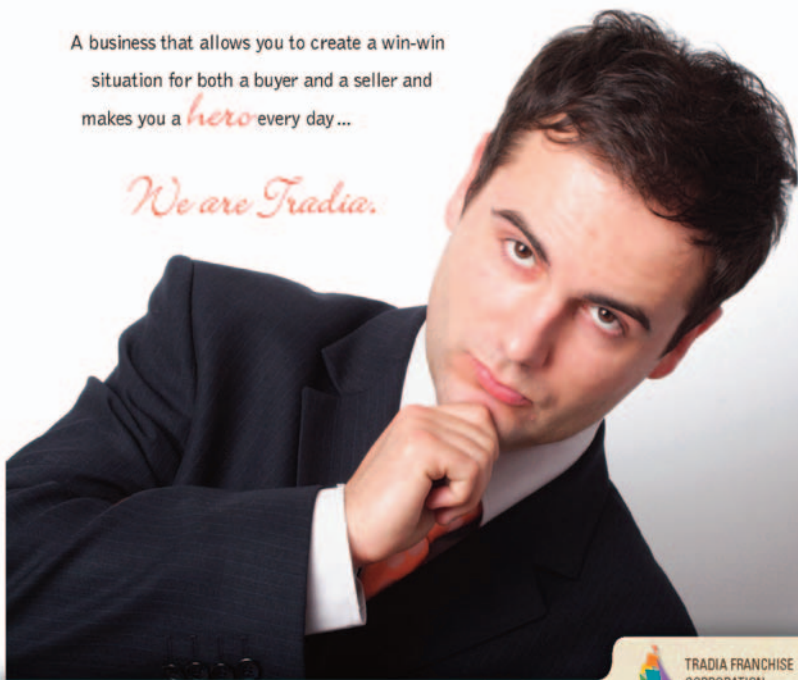

A business that *thrives* during economic slowdowns...

A business that *enables* people to get things they need *without* spending money...

A business that enjoys the *freedom* of operating
within its own economy and with its own currency...

A business that allows you to create a win-win
situation for both a buyer and a seller and
makes you a *hero* every day...

We are Tradia.
